

REMARKS

In the Notice of Incomplete Reply, the Initial Patent Examination Division stated that Figure 7 is not in compliance with 37 CFR 1.84 because it is not electronically reproducible. To satisfy the requirements stated in the Notice of Incomplete Reply, Applicants are deleting Figure 7 and references to Figure 7 in the application. Figure 7 shows the colors of Samples A1-A14. The colors of Samples A1-A14 are also represented using chromaticity coordinates in Table 1. Because the colors of the samples are represented using chromaticity coordinates in Table 1, Figure 7 is not necessary and Applicants respectfully request that Figure 7 be deleted from the application.

During a telephone conversation with a representative of the Initial Patent Examination Division, we were told that amending the application in the manner would place the application in compliance with 37 CFR 1.84. If there are any additional issues, please contact Applicants' attorney at the telephone number provided below.

Respectfully submitted,

JACQUES B. MILES
